To achieve sustainable sanitation practices, the Swachh Bharat Mission emphasizes behavioral change and awareness creation. Festival unite people and they come together for the sole purpose of celebration and happiness. Other than that, festivals also help us embrace our culture and religion.

In short, festivals fill our lives with colors and enthusiasm. They bring us closer every year and eliminate any feelings of communal hatred. Further, they strengthen the bonds of the community and remove the malice from people's hearts. Therefore, festivals are quite important and must be celebrated with passion.
